

Chaminade University

OF HONOLULU

ARTICULATION AGREEMENT
BETWEEN
CHAMINADE UNIVERSITY OF HONOLULU
AND THE
AMERICAN SAMOA COMMUNITY COLLEGE

I. INTRODUCTION

This agreement was developed in order to allow students who have successfully completed selected courses at American Samoa Community College to have those courses apply toward meeting the established degree requirements at Chaminade University of Honolulu. It establishes guidelines for the transfer of students and the transfer of academic credit between our respective institutions.

II. OBJECTIVES AND BASIC PRINCIPLES

Articulation is undertaken for the benefit of students who desire to transfer between our respective institutions in order to meet their educational objectives. The objectives of articulation are to assure that the transfer student is prepared for work at the new campus, that a degree earned through matriculation at two or more institutions is comparable to a degree earned through matriculation at a single campus, and that the transfer process works smoothly for the student.

The curricula of our respective institutions are a reflection not only of the variety of programs of study, but also mirror the knowledge, skills, interest, and educational philosophy of the faculty, staff, and administration. The established curricula are not static entities, but rather are constantly being refined and changed. Unless special provisions are made to accommodate students, these changes can prove to be a formidable barrier to the smooth transfer of students from one campus to another.

The continued articulation of the curricula between Chaminade University and American Samoa Community College is a complex matter which must involve faculty, staff, and administration. To assure that the process of program articulation functions smoothly, we are committed to the following general principles:

1. Documentation. The specifics of articulation between our respective institutions shall be detailed in a formal written agreement signed by appropriate administrators. This agreement shall be subject to regular review, evaluation, and revision.
2. Coordination & Communication. Changes in degree requirements, curricula, and other academic policies at Chaminade University which affect students transferring from American Samoa Community College will be coordinated with ASCC. Major changes in degree requirements at Chaminade University shall be announced as soon as they are approved, published in the next General Catalog, and implemented in the academic year to which that catalog applies.
3. Continuity. "Grandfather" provisions in academic policy and curriculum changes should be applicable to students enrolled at American Samoa Community College as long as they maintain continuous registration in an articulated program of study. Provision shall be made for medical exceptions to continuous registration by appeal to the Dean of Undergraduate Studies of Chaminade University.
4. Accountability. Chaminade University and American Samoa Community College will each designate a single individual as being responsible for dealing with articulation issues which may arise as a result of this agreement.

III. POLICIES

A. Transfer of Students

Students not originally admitted to Chaminade University may transfer upon completion of requirements for admission and notification of acceptance, or after the completion of 12 credits in college transfer courses from American Samoa Community College with a cumulative GPR of 2.0 or higher for all of the transfer level courses completed, providing they also meet any special requirements for admission to the program to which they wish to transfer.

B. Transfer of Academic Credit

Academic credits which are comparable in terms of the nature, content, and level of credit offered by Chaminade University shall be transferable.

1. Up to 94 semester hours of credit may be transferred toward any baccalaureate degree. However, only credit necessary for the completion of the degree program selected by the student will be accepted for application to the degree. All students are required to complete at least 45 semester hours of upper division credits prior to graduation from Chaminade University. Depending on the student's previous course work, transfer credits accepted toward the degree may vary from 60 to 94 for a student already possessing a bachelor's degree.
2. Credit for remedial, technical, vocational courses (generally, courses numbered 1-99), or courses of a professional nature taken at American Samoa Community College will not be transferable. These courses are specified in the List of Non-Transferable courses which will be reviewed every 5 years.
3. Credit for courses numbered 100-299, taken at American Samoa Community College, will transfer into the baccalaureate degree program provided they do not violate a basic campus policy or degree requirement. Specific applicability of transfer courses to general education requirements is detailed in the General Education Transfer Course List which will be reviewed every 5 years.
4. It is expected that all degree requirements will be completed within a ten-year period. Courses completed more than ten years before enrollment at Chaminade may be accepted for general education requirements and electives after the student has satisfactorily completed 15 hours at Chaminade for an associate degree or 30 hours at Chaminade for a baccalaureate degree. To satisfy the general education requirements in the sciences, however, transfer credits may be over ten years old but not over fifteen years old. Transfer credits over ten years old intended to fulfill requirements in the major field of concentration must be evaluated by an advisor in that discipline. Students may be asked to repeat courses taken more than ten years before graduation when those courses have changed greatly in content or standards.
5. Only credits earned with a grade of C or better will transfer; the grade CR or P is not transferable unless it is equivalent to a grade of C or better.
6. Baccalaureate level credits earned at another institution and accepted by American Samoa Community College must be evaluated by Chaminade University

staff before acceptance is assured. There shall be periodic meetings of appropriate staff from our respective institutions to discuss practices and procedures in this area.

7. The student's grade point ratio (GPR) is not transferable to Chaminade University.
8. Chaminade University general education requirements that are in effect at the time a degree-seeking student enrolls at American Samoa Community College shall apply to that student for a period of at least three years while pursuing that degree, providing the student maintains continuous registration, and does not elect to choose general education requirements modified by Chaminade University subsequent to admission. A student transferring to Chaminade without a missing semester (except for reasons described in Section II, 3) is considered to be a continuing student.

**MEMORANDUM OF UNDERSTANDING AND AGREEMENT
BETWEEN THE
UNIVERSITY OF HAWAII AT HILO
AND THE AMERICAN SAMOA COMMUNITY COLLEGE**

This **MEMORANDUM OF UNDERSTANDING AND AGREEMENT** is entered into by and between the **University of Hawai'i at Hilo** and the **American Samoa Community College**.

WITNESSETH THAT

WHEREAS, the **University of Hawai'i at Hilo** is designed to provide students with a range of diverse high quality learning experiences and opportunities and;

WHEREAS, it regards students from the Asian and Pacific regions as an important clientele in its international efforts;

WHEREAS, the **University of Hawai'i at Hilo** is fully accredited by the Accrediting Commission for Senior Colleges and Universities, Western Association of Schools and Colleges;

WHEREAS, the **American Samoa Community College** is fully accredited by the Accrediting Commission for Community and Junior Colleges, Western Association of Schools and Colleges;

WHEREAS, the **University of Hawai'i at Hilo** and the **American Samoa Community College** recognize the mutual benefits of the academic articulation and transfer of courses between the **University of Hawai'i at Hilo** and the **American Samoa Community College**.

AGREEMENT

NOW THEREFORE, in consideration of the terms and conditions stated below, the University of Hawai'i at Hilo and the American Samoa Community College agree as follows:

1. That the University of Hawai'i at Hilo will accept the transfer of credits of the American Samoa Community College courses (see Attachment) as equivalent to the applicable University of Hawai'i at Hilo course requirements, according to the University of Hawai'i at Hilo catalog current at the time of admission- including required minimum course grades
2. That the terms of this agreement shall commence on the day of complete execution of this agreement by all signatories and shall continue in full force and effect thereafter for a period of five (5) years unless terminated by thirty (30) days written notice of either party to the other.
3. That addition and/or deletion to the course listing in Attachment 1 can be executed by mutual agreement between both parties.

Articulation Agreement between
AMERICAN SAMOA COMMUNITY COLLEGE

and

ALFRED STATE COLLEGE

Health Information Technology/Medical Records

Based on our mutual concern for providing students with the opportunity to receive a quality education in their chosen field that might otherwise be unavailable to them, American Samoa Community College and Alfred State College subscribe to the following agreement.

Following detailed discussion and exchange of information among personnel representing each institution, it was determined that there is sufficient similarity between courses required in the *Health Information Technology/Medical Records* curriculum at Alfred State College and the courses offered at American Samoa Community College that a one-plus-one agreement can be established. Students may complete one year of study at American Samoa Community College and subsequently transfer full credit to Alfred State College, said credit being fully applicable to the *Health Information Technology/Medical Records* program, subject to the guidelines listed below.

- Transferable courses:

<u>ASCC Courses</u>		<u>Credits</u>	<u>Alfred State College Courses</u>		<u>Credits</u>
BIO 250	Anatomy and Physiology I	4	BIOL 1404	Anatomy and Physiology I	4
BIO 251	Anatomy and Physiology II	4	BIOL 2504	Anatomy and Physiology II	4
ENG 151	Freshman Composition	3	COMP 1503	Freshman Composition	3
ENG 150	Introduction to Literature	3	LITR 2603	Introduction to Literature	3
HEA 151	Medical Terminology	3	MEDR 1133	Medical Terminology	3
ICT 150	Introduction to Computers	3	CISY 1003	Intro to Microcomputer Applications	3
MGT 250	Principles of Management	3	BUAD 3153	Fundamentals of Management	3
SPH 153	Introduction to Speech	3	SPCH 1083	Effective Speaking	3
HIS 150	American History	3	HIST 1143	Survey of American History I	3
PSY 150	Introduction to Psychology	3		Gen Ed Social Science Elective	3
SOC 150	OR Introduction to Sociology				
PED xxx	Physical Education elective	<u>1</u>	HPED 8000	Physical Education	<u>1</u>
	TOTAL	33			33

- Time to Complete Degree:

The curriculum offered at SUNY/Alfred normally requires four semesters of study plus one summer session. Acceptance of the 33 credits listed above requires 38 credits to be completed at Alfred State College. These remaining credits and the course offerings at Alfred State College permit a transferring student to fulfill the curriculum requirements with two additional semesters (30 credits) plus one summer session (8 credits) at Alfred State College if courses are completed satisfactorily. However, due to the large number of credits to be completed at Alfred State College, students transferring with a Quality Point Index of less than 3.00 may require three semesters and one summer at Alfred State College.

- Professional Practice Experiences

Students matriculated in the Health Information Technology/Medical Records (HIT) program will be placed for professional practice experiences in a health care facility as close to the student's home as possible. Students who complete professional practice experiences in a health care facility located outside of the United States of America may incur additional costs associated with liability insurance that the College is required to maintain on each student. Such costs vary depending on the location of the professional practice experience.

- Quality Point Index:

With a Quality Point Index (Cumulative Index) of at least 2.0 and passing grades in all transferable courses at American Samoa Community College, the student is guaranteed acceptance into the *Health Information Technology/Medical Records* program at Alfred State College.

2008-2009 TRANSFER AGREEMENT

BRIGHAM YOUNG UNIVERSITY-HAWAII

and

AMERICAN SAMOA COMMUNITY COLLEGE

Revised May 1, 2008

TRANSFER AGREEMENT

Students attending American Samoa Community College who complete their Associate of Arts (AA) degree will have met the BYU Hawaii General Education (GE) requirements with the exception of the *Interdisciplinary Studies* capstone course.

Additional aspects of the transfer agreement are as follows:

- Credit will also be granted for courses with a C- grade or better which apply to the major.
- Credit for courses of a remedial nature (usually numbered 99 or below) will not be transferable.
- Students who apply to BYU-Hawaii with less than an Associate Degree will have their college courses evaluated on a course-by-course basis to determine equivalencies. Only courses with grades of C- or better will be accepted for credit.

Max Checketts, PhD.

Vice President for Academics

BYU-Hawaii/ASCC ARTICULATION AGREEMENT

Brigham Young University-Hawaii (BYUH) and American Samoa Community College (ASCC) Articulation Agreement.

In joint support of the education of the people of American Samoa, BYUH and ASCC have maintained an agreement in which students may enroll at ASCC and earn up to two years of credit toward their degree requirements at BYUH. The first part of this agreement acknowledges that the AA degree awarded by ASCC is recognized at BYUH. The general education requirements for the AA degree are consistent with the general education philosophy and requirements at BYUH. Therefore, any student completing an AA degree at ASCC with a satisfactory grade point average will be enrolled with junior status at BYUH. In addition, all of the freshmen and sophomore level general education requirements at BYUH will be met by the completion of the AA at ASCC.

BYUH is sponsored by the Church of Jesus Christ of Latter-day Saints and therefore encourages members of the church to take advantage of this agreement. To support the matriculation of LDS students at ASCC as their first step toward BYUH, local LDS leaders offer Institute of Religion courses for ASCC students.

In addition to the general agreement regarding the AA degree and general education requirements, the two institutions have established a two plus two agreement for a major in political science. Students who have completed the AA degree at ASCC with the proper choice of political science courses will enroll as juniors in political science at BYUH. They will be able to complete their BA program in an additional two years if they so choose.

These agreements are considered a first step in a continuing dialog between the two institutions. Future agreements may include specific course-by-course articulation and possibly additional two plus two agreements.

This agreement is updated on May 2, 2008

Dr. Seth Galea'i
~~Acting~~ President, American Samoa Community College

Dr. Max Checketts, PhD.

2008-2009 TRANSFER AGREEMENT
BRIGHAM YOUNG UNIVERSITY-HAWAII
and
AMERICAN SAMOA COMMUNITY COLLEGE
Revised May 1, 2008

TRANSFER AGREEMENT

Students attending American Samoa Community College who complete their Associate of Arts (AA) degree will have met the BYU Hawaii General Education (GE) requirements with the exception of the *Interdisciplinary Studies* capstone course.

Additional aspects of the transfer agreement are as follows:

- Credit will also be granted for courses with a C- grade or better which apply to the major.
- Credit for courses of a remedial nature (usually numbered 99 or below) will not be transferable.
- Students who apply to BYU-Hawaii with less than an Associate Degree will have their college courses evaluated on a course-by-course basis to determine equivalencies. Only courses with grades of C- or better will be accepted for credit.

Max Checketts, PhD.
Vice President for Academics

BYU-Hawaii/ASCC ARTICULATION AGREEMENT

Brigham Young University-Hawaii (BYUH) and American Samoa Community College (ASCC) Articulation Agreement.

In joint support of the education of the people of American Samoa, BYUH and ASCC have maintained an agreement in which students may enroll at ASCC and earn up to two years of credit toward their degree requirements at BYUH. The first part of this agreement acknowledges that the AA degree awarded by ASCC is recognized at BYUH. The general education requirements for the AA degree are consistent with the general education philosophy and requirements at BYUH. Therefore, any student completing an AA degree at ASCC with a satisfactory grade point average will be enrolled with junior status at BYUH. In addition, all of the freshmen and sophomore level general education requirements at BYUH will be met by the completion of the AA at ASCC.

BYUH is sponsored by the Church of Jesus Christ of Latter-day Saints and therefore encourages members of the church to take advantage of this agreement. To support the matriculation of LDS students at ASCC as their first step toward BYUH, local LDS leaders offer Institute of Religion courses for ASCC students.

In addition to the general agreement regarding the AA degree and general education requirements, the two institutions have established a two plus two agreement for a major in political science. Students who have completed the AA degree at ASCC with the proper choice of political science courses will enroll as juniors in political science at BYUH. They will be able to complete their BA program in an additional two years if they so choose.

These agreements are considered a first step in a continuing dialog between the two institutions. Future agreements may include specific course-by-course articulation and possibly additional two plus two agreements.

This agreement is updated on May 2, 2008

Dr. Seth Galea'i

Acting President, American Samoa Community College

Dr. Max Checketts, PhD.

Vice President for Academics
