Follow Up WASC Visit (3/29 -4/1/10)

“Uo mo aso uma, uso mo asovale”

**We are always friends in our daily encounters,
but brothers and sisters in times of adversity**

The follow-up visit by Dr Trapp and Dr Zacovic of WASC concluded with a positive response as to how the College has shown progress in the recommendations evaluated. As noted by Dr Kolhoff in the exit report, “We have successfully remedied seven of the recommendations from the previous team report. We have made remarkable progress over the last year and we are a stronger and better institution for this.”

President Dr. Seth Galea’I thanked Dr. Trapp and Dr. Zacovic for their follow-up visit and congratulated all for their commitment to making all aspects of the visit successful.
